

RENEW

worship conference

TAKE YOUR WORSHIP TEAM TO THE NEXT LEVEL

PURPOSE

ReNEW Worship Conferences are regional conferences hosted by a local church for worship teams in their area. ReNEW Conferences are led by Dwayne Moore and the NLW team.

Worship teams leave encouraged, challenged and better equipped to lead their congregations in effective, God-honoring worship.

FORMAT

MUSICAL WORSHIP

Simple, powerful and
engaging praise to
start each session

PRACTICAL TEACHING

Sessions that teach teams
how to move from mere
musicians to true ministers

SMALL GROUP DISCUSSIONS

Group times and break-
out sessions for deep
impact learning

WORTH THE INVESTMENT

**"Build great worship leaders, and you'll build great worship services."
-Dwayne Moore**

A ReNEW Conference is low cost for the host church; yet, the host church receives the greatest benefits and impact.

We recommend you have our NLW team come a day early and invest time with your key leaders to encourage and challenge them.

LET US HELP

you succeed

01

CHOOSE THE DATES

We work with you to find the best time & place to host the conference, along with the setting before the conf to meet with only your worship team and leaders.

02

SPREAD THE WORD

We give you tools to help you share conference details with churches in your area and via social media and to recruit volunteers to help.

03

ENJOY THE FRUIT

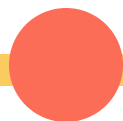

You and your worship team will love the growth that they and other worship teams experience from the ReNEW Worship Conference!

6MO

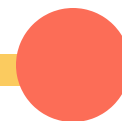

Select the best date and put it on your church calendar. Set the plan in motion and reach out to key churches.

3MO

Share with your own team to get them on board and excited, and you also contact churches in your area by email and phone.

1MO

Secure volunteers to work at the conference. Arrange the lunch meal and set aside time to pray for the conference.

“

MINISTERS

**-THAT'S WHAT THIS CONFERENCE
HELPED MY WORSHIP TEAM BECOME.**

”
