How worship is changing churches & communities

NEXT LEVEL WORSHIP INTERNATIONAL

A Biblical Foundation

OUR CONVICTION

When Isaiah saw the Lord high and lifted up, he was cleansed and changed. When Asaph met with the Lord it changed his entire perspective. (Isaiah 6 & Psalm 73)

People who get to know God through worship and fall in love with Him are transformed. And when people are changed, families, churches and communities are also impacted.

**GAZE ON HIM
AND BE
TRANSFORMED.**

from 2 Corinthians 3:18

"WE WILL NEVER BE THE SAME..."

"Next Level Worship has had a tremendous effect on our churches and leaders in Zambia. We'll never be the same."

—Henry Muteneka, pastor

"The teaching, conferences and sponsorships of NLWI have taken me deeper and improved my leadership skills and understanding."

—Rabina Lungu, worship leader

A Biblical Mandate

OUR MISSION

Next Level Worship International is a non-profit, 501c3 organization. We serve churches and leaders and help Christians understand and experience true, biblical worship.

Our resources have been used in over 80 countries. We receive invitations almost weekly to come help pastors and churches who are in need of our ministry.

**"COME OVER
AND HELP US."**

Acts 16:9

A Wonderful Reward

OUR JOY

Next Level Worship is currently training worship leaders and pastors in 10 African and Asian countries.

Zambia, Zimbabwe and Ethiopia are our most recent focus countries. To date we have trained over 3000 church leaders, and we've helped hundreds of churches go deeper in their understanding of God-honoring worship.

**DECLARE HIS
GLORY AMONG
THE NATIONS.**

Psalm 96:3

LIKE RIPPLES
IN A POND...

PASSING
IT ALONG

Lucy is taking what she's learned from Next Level Worship and from her US sponsor, Suzanne, and she's sharing it with others. She's trained over 2000 ladies and youth in Zambia, teaching them that lifestyle worship is loving God with your whole heart and loving others as yourself.

A Thorough Approach

OUR STRATEGY

To help make a lasting impact on churches, Next Level Worship has a 3-directional strategy.

1. We work through the local pastors to train their leaders so they can carry on the mission after we leave.
 2. We provide small group materials and devotionals to help congregations understand and experience worship.
 3. We provide children's church materials to teach kids that true worship is more than just singing. It's following and obeying God.

A Long-Term Strategy

OUR COMMITMENT

Our long-term involvement in a country works like a funnel. With each return visit we focus more and more on key individuals who seem most hungry to grow.

We are a discipleship ministry, and deep discipleship can take years. Our goal is for those we train to become mentors, passing on what they've learned to others.

A Very Real Need

OUR CHALLENGE

The kind of impact we're seeing in many parts of Africa requires a great investment of time and money.

We depend on generous volunteers who believe in our mission and vision to transform churches and communities through worship.

THE COST OF IMPACT

Providing materials to teach kids in churches and villages in Africa about true worship can cost upwards of \$10 per child.

Providing small group & devotional materials for a congregation can take \$200 or more.

It can take between \$300 and \$1000 to train a worship leader in theology, leadership and spiritual depth.

An international trip to lead conferences and week-long schools can cost from \$15,000 to \$25,000.
