HIGHLIGHTS

- Enjoy a fully immersive in-person and virtual experience as you cluster together with your group and also join other groups online
- Become part of a global worship and learning experience as churches, universities and colleges in several US states and in many countries come together through the gift of the internet
- You will have the opportunity to engage in the sessions and participate. This can be an interactive and spontaneous worship experience for you.
- This can be a personal retreat for you as you pull away from your normal activities and pressures and utilize these hours to refocus and reflect on your relationship with the Lord and others. We will provide personal devotionals you can download and use during the retreat.
- The topics to be addressed include how to engage and minister to people in our new normal and how to refocus ourselves on the Lord and on leading the Church in worship.
- Learn from some of the most excellent and knowledgeable teachers and leaders of worship in the US and abroad
